Investigations by the Department of Labor show that the cost of living has fallen in the country at large. And this has come to pass notwithstanding lack of co-operation on the part of the Republican Congress.

There is disagreement between the Republican leaders of the Senate and the House of Representatives as to the date of adjourning the special session of Congress. One set wishes to continue doing nothing until November 10, and the other desires to prolong inaction for six weeks.

Fortunately, the country is still going ahead under the momentum it received from laws passed by Democratic Congresses. The Republicans in the present Congress have been doing their best to apply the brakes.

ELECTION PLEASES ALL IN WASHINGTON

See Victory Next Year In Maryland and New Jersey

All Washington today is jubilant over the results of the elections Tuesday.

Republican leaders are rejoicing in the election of Calvin Coolidge as Governor of Massachusetts and of Edward Morrow as Governor of Kentucky. Democratic leaders are just as happy in the apparent victories of Albert C. Ritchie, gubernatorial candidate in Maryland and Edward I. Edwards, the Democratic candidate in New Jersey.

Most significant and the elections in Maryland and New Jersey to leaders here. Despite the fact that a Republican elected in Massachusetts, it gave some satisfaction to the administration because it is taken as an indication of endorsement of a strong governmental policy in handling labor situations. Coolidge was under fire because of his strict attitude with regard to the police strike in Boston, and his election is regarded as a vindication of the attitude which the administration is now carrying out in the coal strike situation.

Republican leaders pointed to the Kentucky election as an indication of their success in the next national campaign. They declared that the election in Kentucky had a national aspect, that national issues were brought into the struggle, and that the victory for the Republican party is a vindication of the national program of that party.

At the White House there was a great deal of satisfaction with the New Jersey results. Secretary Tumulty has been active in the campaign for Edward I. Edwards, and the apparent success of that candidate is interpreted as showing the approval of New Jersey of the administration course.

The heavy "dry" vote in Ohio on the prohibition question caused no surprise here, for Ohio has been listed as one of the strong "dry" states for some months now. "Wets" declared that yesterday's vote was no indication of the future attitude of the country on prohibition.

The election of Theodore Roosevelt to the assembly in New York state was very gratifying to those staunch friends of the late Colonel Roosevelt who remain in public life here. Some went so far as to predict that it was the first step of the son in the path of his father.

The falling off in the Socialist vote in New York was gratifying to the leaders of both of the old parties here, who accepted it as evidence that the old party platforms are still effective even in these days of rapid changes.

When problems get so complex that no one seems to be able to solve them—why, they solve themselves.

THIS ROOSTER CROWS FOR IRVIN M. EBERSOLE, THE FARMER—CANDIDATE FOR COUNTY TREASURER.

Why Not Organize Among the Sportsmen of Bedford County

Hunting season is on in full force and our attention is called to the fact that Bedford County is sadly lacking in an organization of sportsmen that is essential if the game in this section is to be perpetuated. It is only through united effort among the sportsmen of this state that protective laws are enacted by which our game and wild birds can be preserved and their extermination prevented. Game conditions generally throughout the State are more favorable at this time than they have been for twenty five years past, due largely to the closed season on certain birds last year and the assistance supplied to the Game Commission in their work by sportsmen and other interested citizens. Ruffed grouse, and turkeys are exceedingly plentiful while an abundance of quail and rabbits can be found in most sections of the state. From present indications the number of Resident Hunters' Licenses already issued this year exceeds anything in past four years, and appearances are that over 325,000 licenses will be issued before the close of the season. This can be attributed largely to two causes, the additional number of young men who through their service in the army secured the incentive for wholesome, out-door sport of this nature, and again on account of the favorable game conditions that exist. Bedford County is an exception fine hunting territory and the sportsmen of this vicinity should unhesitatingly get together in an effort to assist as far as possible in looking after game conditions and to further the perpetuation and conservation of game in this county for future generations. There are hundreds of active sportsmen organizations through the State, organized in every town of any prominence whatsoever, and we have the nucleus of an excellent organization right here in Bedford if the sportsman who delights in killing his limit of game during the open season would only take a little interest in a commendable effort to further that supply. A hunter is not necessarily a sportsman in one sense of the word. The true sportsman is he who, when opportunity offers during severe winter weather, will lend a little time and energy in feeding the birds that would otherwise starve, and who is an ardent supporter and observer of the game laws that are passed for the protection and conservation of game. Many opportunities are presented for the sportsmen to be of service, and we again ask, cannot such a needed organization be effected in Bedford? (A Sportsman)

A GREAT PRIVILEGE GOING CHEAP.

Membership in the RED CROSS is an opportunity, not a burden. What the Red Cross is asking people to do is to renew their membership, or to accept an invitation to membership. There are many societies, associations and clubs to which most persons would esteem it an honor to belong, an invitation to membership in which we should be very proud to receive.

There is no more distinguished association in the world than the Red Cross. To hold a certificate of membership in it is a badge of honor and a proof of merit. The man or woman who is enrolled in it will have something to point to when he or she comes to talk to St. Peter.

The Red Cross is a League of Benediction, of practical and continuous mercy, which shines on the just and the unjust alike, in peace as well as in war, 365 days in every year.

What is the A.B.A.?

The Altoona Booster Association is a co-operative organization, comprising not only private, but public institutions—banks, hotels and colleges as well as department stores, men's and women's specialty shops, florists and jewelers—in fact, houses catering to every personal need. The A.B.A., as it is becoming popularly known, stands not only for co-operation and public benefit, but for spreading broadcast the gospel of Altoona's service to the community of which it is an important and ever-growing centre.

Tell me of Young Orpheus.
"Yes," said Farmer Higgins, "my daughter's gone to grandmamma and get a dogtail on. Then when she has it we're a-goin' to send her to a musical mesogitory to be finished!"

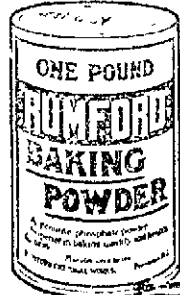

Qualities of True Beauty.
Who has not noticed how a nearer acquaintance, pleasantness becomes beautified and beauty loses its charm, according to the quality of the heart and mind?

Made Attractive Scene.
Formerly a favorite Mecca of the tourist in Virginia tobacco towns was the tobacco factory, where the industry in progress made a picturesque scene and the singing by negro hands, as they worked of the quaint and melodious folk and spiritual songs of their race, provided unique entertainment.

To Mend Umbrellas.
Umbrella handles sometimes become loosened from the steel rods. Put some resin in an iron spoon and hold it over the gas or on a hot stove until thoroughly melted; then pour it into the cavity in the handle and put the steel rod into it. Hold it firm until the resin is cold.

SPROUL FULLY ENDORSES SEALS

Governor Says Christmas Sale is Potent Force Back of State Health Program.

Harrisburg, Pa.—Governor William C. Sproul sees in the Christmas Red Cross Seal Sale one of the most potent agencies now being used to enlist the public back of the state's public health campaign.

"Only the co-operation of the public," says Governor Sproul, who is honorary chairman of the state seal committee, "will make it possible for the state adequately to deal with the various disease problems that face us."

"We cannot hope to prevent all disease. But we can properly hope to go far in the direction of preventing preventable disease. We can reduce the dangers of contagion. But in every health movement it is necessary that the public and the state work along the same lines."

"The Christmas Red Cross Seal has back of it the force of Christmas sentiment. But it also stands for practical endeavor. The funds raised by the seal sale are used to bring home to all of our people a realization of the fact that the white plague can be conquered and a knowledge of how to conquer it. The Christmas seal is intimately associated with the child victim of the white plague. If we can so order society that the children are safe from the white plague, we are on a fair way to solving our problem."

"The private agencies that are financed by means of the seal sale co-operate, I understand, with the state department of health, and particularly with the bureau of tuberculosis, and the local tuberculosis dispensaries."

"In short the seal sale helps make it possible to align the public back of the state's health program. And for that reason it has my cordial endorsement, as well as the approval of the state department of health."

TUBERCULOSIS CROSS A SYMBOL OF CHARITY AND HELP TO HUMANITY

The double red cross as a symbol or emblem of the organizations fighting the white plague has been in use for seventeen years. It was first adopted for this purpose by the International Anti-Tuberculosis Association in Berlin in October, 1902. It was proposed by Dr. G. Sersiron, of Paris. Dr. Sersiron took the shape of this cross from the common Croix de Lorraine and the cross of the Greek Catholic church. Today this emblem is used by anti-tuberculosis workers all over the world.

The National Association for the Study and Prevention of Tuberculosis in 1906 adopted the double barred cross for use in the United States. Neither the form nor the proportions were specified and the result was a variety of shapes and proportions. Because of this condition the National Association in 1919 appointed a special committee to consider the design and the dimensions of the double barred cross as the emblem for all anti-tuberculosis organizations in the United States. The committee reported in favor of a double cross with equal cross arms, the upper standard being shorter and the lower standard longer than the cross arms; the ends of both arms and standards being pointed instead of square.

This design was fixed upon for these reasons:

Because the design selected is furthest removed from any design having a religious significance.

Because it is furthest removed from the well-known emblem used by the American Red Cross.

Because its widespread use in this country by many anti-tuberculosis associations over a long period of years has associated it in the public mind with the tuberculosis movement.

The two crosses, the Croix de Lorraine and the cross of the Greek Catholic church, united in forming the tuberculosis cross, are symbolic of charity and help to humanity.

YOUR CHANCE TO BECOME BOND HOLDER OF HEALTH

A new feature of the Christmas Red Cross Seal Campaign this fall is the Health Bond. Health Bonds are used as substitutes for seals in cases where persons do not care to accept seals, at one cent each, for the amount of their subscription. The seals come in denominations of five, ten, twenty-five, fifty and one hundred dollars.

The Health Bonds can be bought by a person who wishes to devote any one of the sums mentioned to the fight on tuberculosis and the improving of the public health and does not want seals.

Liberty Bonds return interest in money. Health Bonds return interest in good health. For Health Bonds will help to improve the health of your community and your neighbors, and your health depends partly upon the health of your neighbors.

THE SECOND LINE OF DEFENSE

Reservations now represent the second line of defense for the Senatorial opponents of the League of Nations and the treaty of peace. They took their stand on amendments, but despite their heavy use of poison gas and incendiary weapons—racial and religious issues among them—they have been forced to retreat, with ranks broken and great rhetorical losses.

Behind reservations now the obstructionists are crouching, half standing, half stooping, to facilitate their racing farther rearward when emergency presses. And back they must go; back to a final acceptance of the treaty and the League of Nations as the people want it. There will be new bombardments from these enemies of the treaty. That is inevitable. They will deliver counter attacks and hurl oratorical bombs in vast numbers at the President and the other supporters of the treaty. But in the end they must surrender their position on reservations as they have already withdrawn from their stand on amendments.

Von Hindenburg made his greatest drive—we learn from Ludendorff—when at last the conviction of ultimate defeat possessed him. Senator Lodge, putative leader of the Republican defeatists, was most truculent as he was on the point of falling back. These forces of futility fought for some forty-five amendments. They compassed none. They now begin to battle for reservations.

WHY WAIT?

Dr. Nicholas Murray Butler waits himself homeward from the West to say that there is a strong feeling out there "that the Democratic Administration in Washington by acts of omission and acts of commission and by acts of incompetence, has actually imperiled the foundations of our institutions;" therefore, the embattled Republicans "have sternly resolved, as their fathers did when they went to the polls for Abraham Lincoln in 1860, that this American Republic must be preserved from every attack of Socialism or semi-Socialism, or Bolshevism or anarchy, or a Soviet form of government, or by whatever name it may be called."

This is as thrilling as a jazz band, but why do these impassioned patriots wait until the polls open? Why not get busy now? asks the New York World. There is a Republican Congress, with a working majority in both the Senate and the House of Representatives. The business of preserving the country from the enemies of the Republic need not be delayed until 1921. It can start any day, and its power to legislate cannot be questioned.

We used to think rather highly of the Republican party as a saviour of the country, but in those days it did not try to postpone the saving until after the next campaign. If the Western Republicans are as agitated as Dr. Butler says they are—and we remember rightly, Dr. Butler is the gentleman who carried California unanimously for Hughes in 1916—why had better begin poking up their Republican Congress at once? Nobody else has been asked to do anything out of it.

The reason for the Republican majority's inactivity during the extra session of Congress, they were doubtless too busy trying to outvalue the proposal of a new member that a national convention be called while the party is in session. There is no need of a national convention, but the Republican party is in a position to make a great show of itself.

This extra session of Congress has done little to deserve grateful remembrance of. It has done nothing.

THE ROLL CALL

American patriotism is again being put to the test. War's brazen alarm found eager millions who quickly responded "Here!" Now peace summons us to perpetuate and magnify some of the beneficent activities that do much to alleviate the sufferings of war.

The work done by the Red Cross during the four years of carnage has merited all the praise it has received. The European Relief Work of the American Red Cross is almost completed. But the thousands of devoted men and women who carried on its overseas work are now returning with large visions of work to be done in the home land.

Some of the things they see are these: for each American soldier grave in France, eight baby graves are annually filled in the United States; while war in four years killed 7,000,000, two years of influenza caused 6,000,000 deaths, 200,000 adults die of tuberculosis annually in the United States; more than one half of our school children show defects, mostly remedial; one third of the men called for military service were rejected as unfit; These and other problems the Red Cross plans to combat, if the American people are willing. Dare anyone say "Nay?"

In view of the above facts the members of the Bedford County ministerial Association in their regular session Monday November 3 urge all ministers in the county to co-operate in every way possible to make the Third Annual Roll Call of the Red Cross the splendid success it ought to be.

For the Association,
R. J. ALLEN, President.
D. M. KERR, Secretary.

CIVIC

On Monday November 10, at 8 o'clock there will be a meeting of the Civic Club Organization in the assembly room of the Trust Building. The entrance door of this room is on the west side of the building.

This meeting is not intended for the acknowledged members of the Civic Club only but is free and open to all interested in Civic Matters. Come and bring with you your interest and your ideas.

Plans are a foot for the collecting of the necessary funds to erect a Memorial Tablet at the Public Square in honor of our Bedford County Boys whose lives were sacrificed in the great fight for Right in the recent World War. This will appeal to all a series of pleasant social events thru the winter is being planned to assist in enlarging this fund.

There are also other important civic matters to be worked out and the winter season is a good time to think it over.

Bedford is happily situated in the very center of great natural beauty which makes us love our native hills and stir the hearts of all visitors, but our small city has some large problems to solve and unless there is full interest and co-operation from all there will be no results in the important first-step that must be taken to keep "wash-day" from being "blue Monday" among the women and to keep pure drinking water from our lovely, soft-water springs conveyed to us at all seasons. Talk only is not our purpose, but to work this "blue Monday" into a finished fact just enlist the prepossessing interest of all.

Civic pride is a valuable form of patriotism and all effort toward the betterment and betterment and beautifying of our community is an expression of that patriotism.

But the women need the men! Always our gallant men shoulder the guns to defend our firesides. Thank you

"Bedford."

BEDFORD COUNTY'S ELECTION

Last Tuesday culminated one of the hottest political battles in the history of Bedford County. Ever since the Gazette began to expose the political methods of the Bi-Partisan Ring in Bedford four weeks ago up to last Tuesday evening the political pot was seething. The Republicans felt sure of their game all along until reports began to come that their ticket would be defeated. A week previous to the election many who were calling for a change in methods turned over and began yelling the old "slavery cry" "Stick to the ticket! Stick to the ticket! Independent Everett where independent! Independent in thought and action has brought many a man into prominence has gone back to serfdom by voting 194 straight tickets and old Bedford where slavery had its clutches, broke its fetters on Tuesday and voted but five straight tickets. Everett gained nothing by being so hide-bound for their candidate for Treasurer, Thomas Eichelberger, Republican, met the same fate as their candidate for Prothonotary, R. Peyton Turner, Democrat. Morrison's Cove landed its candidate for County Treasurer, the one-armed man, Irvin M. Ebersole, by sticking to its man rather than being a slave to its party. There was a big vote out every place but Southampton. A small vote was polled there. Broad Top polled a small vote also. The Republicans were anxious and willing to help defeat this bi-partisan ring here in Bedford but the Democrats seemed to look on it as a joke. Nevin Diehl was defeated for a third term for County Commissioner by the Democrats because the are opposed to men running for office so much but the Republicans returned Sam Baker for another four years, making at its close 17 years of valuable service to his party ring. Frank Bolger, of Woodbury, Sam Campbell, of New Enterprise and Daniel Bayer of Loyalburg, stood at the polls all day against their friend and neighbor, the one-armed man a fact they ought to be ashamed to face. Ross A. Silver is the next minority County Commissioner, with Thomas C. Bradley and Albert R. Layton as the two Republicans. The reelection of Bradley and Layton brings the people face to face with a bond issue of \$200,000 to build the road from Yellow Creek to Huntington County line and \$200,000 will build about one-half the distance. In other words a second bond issue will be necessary in order to complete that mileage and the election of these two means any limit they are willing go has been approved by a majority of the people. The ring here is sponsor for the road and will see to it that the road goes through. According to State advice the Cumberland Valley road is at an end and the Republicans down there are satisfied to leave it slip away and the road out by Osterburg, Imber etc. is at an end also and the Republicans out that way are satisfied that it shall go down by Hopewell, Riddlesburg and Saxton.

The Bedford Inquirer and its second sheet, the Everett Press, told the people that the Bedford Gazette didn't represent the facts as to the standing of various candidates. The correct records will show to the voters just what the Bedford Gazette said and every word was true. When we placed before the people the disgraceful record of Harry C. James the Inquirer and its second sheet, made light of the fact. We are glad to know that where Mr. James is best known, morally, socially financially and officially, Bedford Borough East Ward, his home precinct normally Republican, defeated him by a majority of 96 and West over-whelmingly Republican defeated him by a majority of 58 and Bedford township defeated him by a majority of 224 making a grand total of 378 majority against him at home. Besides Coleman where his relationship prevails defeated him by a vote of 56 to 118 for Clair. The Democrats and Independent Republicans can congratulate themselves. Despite the fact that the Bedford Inquirer and Everett Press "cheated" the voters if they strayed away a host of them were determined if possible to break up this bi-partisan selfish gang here in Bedford. It is going the rounds now that the gang traded off Eichelberger in order to save the rest of the ticket and the returns seem to indicate the whisperings Mr. Eichelberger and his friends will find out along with many others that to deal with the gang of tricksters they are trading on dangerous grounds. They crossed you and then threw you overboard to help some other fellow. The members at Bedford County called to the support of their friend, Mr. Ebersole, too which keeps the office of the one-armed man in the hands of the farmers.

RESOLUTIONS ON THE DEATH OF THOMAS P. BECKLEY

It is with keen regret and deep sorrow that we feel the loss of our fellow Director and Vice President Thos. P. Beckley. His wise counsel in the Directorate of the Bedford County Trust Company was admired by us all. He was just, honest and upright. His mind guided his actions along the line of right, and the law uppermost in his life and in his dealings with his fellowman was "The Golden Rule."

His business career extended over a period of half a century, and his business dealings brought him in contact with hundreds of people and we have the first one to hear raise his voice and say that Thos. P. Beckley did not give him a square deal, nor live up to both the letter and spirit of his agreement.

His home life was beautiful—he enjoyed the esteem and admiration not only of the people of his own home community but throughout the length and breadth of Bedford County where he was known as a grand old man.

We enjoyed his association, counsel, judgment, advice and opinions at the meetings of Board of Directors, and although we miss him we bow in humble submission to an All-wise Providence therefore,

Be it resolved:—
1. That in the death of Thos. P. Beckley the County has lost an honored and worthy citizen, the Bedford County Trust Company, a valuable Director and Vice President and making a friend.

2. That these resolutions be made a part of the minutes of the Institution, and that a copy be sent to the family of the deceased.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

BY REV. J. B. WILLIAMS, D. D.,
Teacher of Bible in the Moody
Bible Institute of Chicago.
(Copyright 1919, Western Newspaper Union)

LESSON FOR NOVEMBER 9

PETER'S GREAT CONFESSION.

LESSON TEXT—Matt. 16:13-24.
GOLDEN TEXT—Thou art the Christ,
the Son of the living God—Matt. 16:16.

ADDITIONAL MATERIAL—Mark 8:27-30; Luke 9:18-22; John 6:66-69.

PRIMARY AND JUNIOR TOPIC—What Peter confessed.

INTERMEDIATE TOPIC—What it means to confess Christ.

SENIOR AND ADULT TOPIC—The Messiahship of Jesus.

The time has now come for the King to take account of his ministry.

This confession in some sense marks the turning point in Christ's ministry.

Hereafter it is more restricted to his disciples. Two reasons are sufficient why this should be (vv. 1-12): (1) The Pharisees and Sadducees show their attitude towards him in their demand for a sign. His answer is that none shall be given save that of his death and resurrection, as symbolized in the experiences of the Prophet Jonah. (2) The disciples show their inability to understand the spiritual nature of his teaching. When he warned them of the leaven of the Pharisees and Sadducees they understood him to refer to bread, when he meant their doctrine. It was at this crisis when Christ turned from the nation which had rejected him, that Peter made this great confession. It was made in the borders of Caesarea-Philippi, practically Gentile territory.

1. Peter's Confession (vv. 13-16).

Two questions of Christ provoked this confession:

1. The question as to the opinion of the people concerning him.

They recognized him as a teacher or a prophet of more than human authority and power. Today, as then, there is a diversity of opinion among the people as to Jesus Christ. Some think he is only a man; others, that he is a great teacher, but nothing more. Had he been content with this he would not have been molested in Jerusalem, for the Jews willingly acknowledged him as more than a human teacher. It was his persistent claim to be the God-man, the Son of God, that sent him to the cross.

2. The second question involved the personal opinion of the disciples concerning him. To be able to tell what others think of Jesus is not enough; there must be definite, correct, and personal belief in him.

11. The New Body, the Church, Announced (vv. 17-20).

Peter had made a noble confession of Christ, so now Christ confesses him. If we confess Christ he will confess us (Matt. 10:32, 33). Christ declared his intention of bringing into existence a new body to the members of which he will give eternal life, and to whose hands he will entrust the keys of the Kingdom. Peter was to have a distinguished place in this body. The keys entrusted to him were used on the day of Pentecost, and again in the case of Cornelius. Association in this new body cannot be broken by death, for the gates of hades shall not prevail against it. This body, the church, is of a heavenly origin, a heavenly calling, and a heavenly inheritance.

111. The Cross the Way to the Throne (vv. 21-33).

This was, no doubt, startling to the disciples. They did not realize that redemption was to be accomplished through the passion of the cross. So unwelcome was this announcement that Peter cried, "This shall not be unto thee." Peter later saw through this darkness to the glory on the hill-top beyond. A new hope then filled his breast (1 Peter 1:3, 4). Victory through death is yet the stumbling block of many. Many are stumbling over the doctrine of salvation and redemption through the suffering of the cross. All such are under the control of the devil (v. 23). Salvation by blood, the devil hates.

111. The Cost of Discipleship (vv. 24-27).

To follow Christ means suffering. To follow him is to turn one's back upon the world. Life can only be saved by losing it. If we are going to be Christians we must share Christ's suffering. We cannot go to heaven on flowery beds of ease.

1. There must be denial of self (v. 24). There is a wide difference between self-denial and denial of self. Self-denial is practiced everywhere by all people, but only the disciples of Christ or Christian people deny self. Christ takes the place of self.

2. "Take up his cross." This cross is the suffering and shame which lie in the path of loyalty to God. To do our duty will mean suffering (2 Tim. 3:12).

3. Follow Christ. This means to have the mind of Christ, to do like Christ. All such shall be rewarded when Christ comes in glory.

Christian Character.

One truly Christian life will do more to prove the divine origin of Christianity than many lectures. It is of much greater importance to develop Christian character than to exhibit Christian evidences.—L. M. Gibson.

Our Life in God's Hands.

Happy and strong and brave shall we be able to endure all things, and to do all things—if we believe that every day, every hour, every moment of our life is in God's hands.—Dr. Van Dyke.

DO YOU HAVE DIZZY SPELL

It's Important to Learn the Cause—As Many Bedford People Have.

Dizziness is never a disease of itself—it's only a symptom of some deeper-seated trouble. Much dizziness is caused by disordered kidney, failing to filter all the poisons from the blood. These poisons attack the nerves and dizziness results. If you are subject to dizziness, there is good reason to suspect your kidneys, and if you suffer backache, headache, and irregularity of the kidney secretions, you have further proof. Many Bedford people have learned the value of Doan's Kidney Pills in just such cases. Read this Bedford resident's statement:

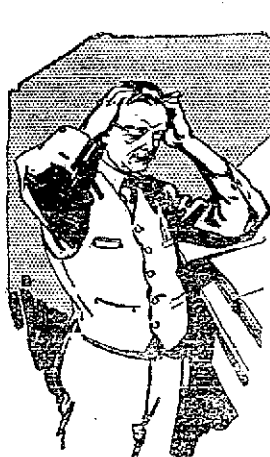

Mrs. S. Delancy, W. Penn St., says: "Every time I have had any trouble with my kidneys I have used Doan's Kidney Pills and they have relieved me in a short time. Frequently I have had bad pains in my back and severe headaches and I would get so dizzy that the room would seem to be going around. At such times just one box of Doan's have driven the trouble away and I consider them a wonderful remedy for kidney complaint."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Delancy had. Foster—Milburn Co., Mfrs., Buffalo N. Y.

To Shine Isinglass.

Use a Rannel rog moistened with vinegar to shine isinglass.

MY HEAD!

When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.

Look on the Best Side.

What an absurd thing it is to pass over all the valuable parts of a man and fix our attention on his infirmities!

Where He Got the Name.

The first bulldog appears to have been bred from the English mastiff, and by process of systematic selection in breeding a smaller and more active dog than the mastiff was evolved. The smaller dog was found to be better suited for sport than the heavier and slower mastiff. The bull-baiting dog, without a doubt, required an inordinate amount of gameness.

World's Greatest Cataract.

What is set down as the greatest cataract in the world is on the Iguazu river, which partly separates Brazil and Argentina. The precipice over which the river plunges is 210 feet high, that of Niagara being 167 feet. The cataract is 13,123 feet wide, or about two and a half times as wide as Niagara. It is estimated that 100,000,000 tons of water pass over Niagara in an hour. A like estimate gives the falls of Iguazu 140,000,000 tons.

Definition of Kindness.

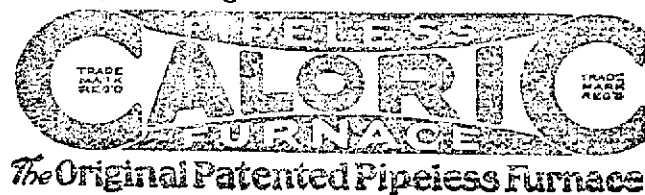

The teacher of the intermediate room had been trying to teach her pupils the value of many virtues—such as truthfulness, honesty, kindness, etc. To test their knowledge she gave them an examination, asking for definitions for these virtues. One youngster defined kindness in this way: "Kindness is being kind to every human creature from a ant on up."

Birds and Flowers.

It has been estimated that there are 2,000 varieties of wild flowers growing in the Rocky Mountain National park, and more than 1,000 species of birds building their homes in the firs, aspens, spruces and willows of that section. Even the tiny hummingbird and the forget-me-nots find life easy on the summit of Pike's peak. Some of the other flowers are the fringed gentians, columbine, buttercups and daisies and delicate pinks.

Heat ALL Your House THROUGH ONE REGISTER

Yes, it's just as possible in your home as it has been in fifty thousand others. You, too, may have every room comfortable with balmy healthful heat, reaching every corner by Nature's method of circulation—and all through only one register! It isn't necessary to clutter up your house with pipes, overheat your cellar and incur big bills—**not when you can get the**

THE ORIGINAL PATENTED PIPELESS FURNACE

It can be set up in a day, without inconvenience to you, and will make your home so comfortable in the severest winter weather you will be well repaid.

Your house will be uniformly warm; your cellar will be just right for the storage of fruits and vegetables. Your fuel bill will be less than with stoves that heat only a part of your house.

HERE ARE THE REASONS

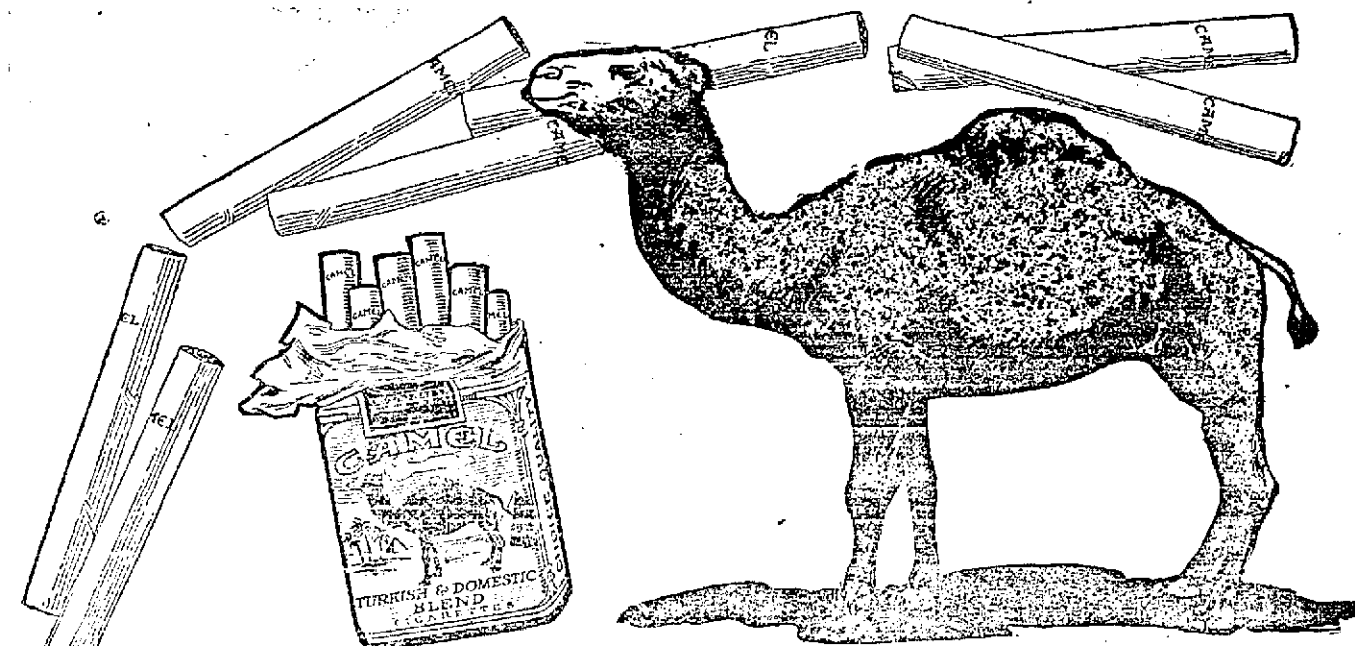

The Caloric is the Original Patented Pipeless Furnace—the result of the study of competent engineers to solve the heating problem in the most satisfactory way. That they have succeeded is proved by the fact that the number of Calorics sold on an absolute guarantee of satisfaction is three times greater than any other pipeless furnace.

The cause of this satisfaction lies in the patented and exclusive principles that distinguish the Caloric from all others. It is not a pipe furnace provided with an extra casing, but a complete revolution in furnace building designed exclusively for pipeless heating.

Come In And See Us

We will show you what these principles are, will then see what Caloric quality means, why succeeds and why imitations cannot accomplish results. Then you will be in no danger of buying inferior article, with all its disappointment in later years. Get a copy of the book "Progress," which tells about pipeless heating. If you can't come in, write.

Why Not Have a Warm Cozy Home This Winter

Install a Jewell Pipeless Furnace

When a Jewell Pipeless Furnace goes into your basement you can rest assured your home is going to be heated better than with your old heating stove which warms it only in spots. You won't be scorching your face while your back is freezing. The Jewell provides a pure healthful even heat, both day and night.

When you know the cost of this economical heater you will want one in your home without further delay.

Burns Any Fuel

You will burn little more fuel with a Jewell Pipeless furnace than with stove—because you receive the full direct action of the heat. It burns hard coal, soft coal or wood—it makes no difference and there is no dirt or muss in the living rooms to clean up—the firing is all done in the basement. Don't wait—Come in now and look it over.

Messrs. Cassatt and Gjertsen,
Special Agents Equitable Life of New York City
Gentlemen:-

I wish to thank you and through you the Equitable Life for the very prompt and satisfactory settlement of the policy for \$5000 on the life of my deceased husband, Dr. W. H. H. Schrock. My husband had policies in several companies. The Equitable was the first to make settlement which was three days after his death.

Yours truly
Signed) Mrs. W. H. H. Schrock

How to Get On
Practice yourself for heaven's sake, in little things, and thence proceed to greater. This is the advice of Epictetus.

BEDFORD, PA.,
Diseases of the
EYE, EAR, NOSE and THROAT

My Glasses are guaranteed for 4 years from \$3 to \$7, and guaranteed for a life time from \$8 to \$15. Any time it is necessary, I will examine the eyes and change the lenses, free of charge.

When a Jewell Pipeless Furnace goes into your basement you can rest assured your home is going to be heated better than with your old heating stove which warms it only in spots. You won't be scorching your face while your back is freezing. The Jewell provides a pure healthful even heat, both day and night.

When you know the cost of this economical heater you will want one in your home without further delay.

Burns Any Fuel

You will burn little more fuel with a Jewell Pipeless furnace than with stove—because you receive the full direct action of the heat. It burns hard coal, soft coal or wood—it makes no difference and there is no dirt or muss in the living rooms to clean up—the firing is all done in the basement. Don't wait—Come in now and look it over.

Criticism and Citizenship

It is the plain, public duty of every citizen to criticize proposed government measures believed to be harmful.

Swift & Company is in a better position perhaps, than others, to understand the meat packing business in all its relations to public and private interests, even though the others may have been giving the subject a great deal of sincere attention.

Swift & Company is convinced that interference with its legitimate business function by governmental agencies, however well intentioned, would be an injury to every man, woman and child who wants meat to eat, as well as to the men who raise the meat and to those who dress and distribute it.

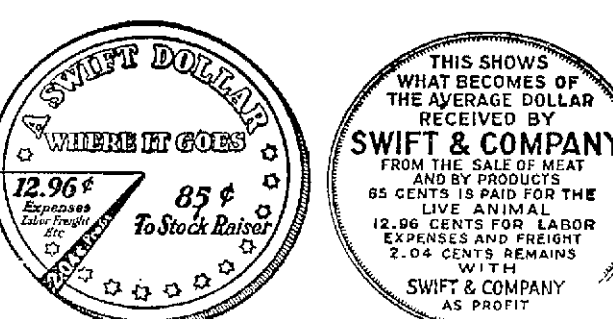

Maximum service that cannot monopolize because of keen competition and lack of control over sources of supply is furnished at a minimum of profit—a fraction of a cent per pound from all sources.

Therefore Swift & Company is taking every legitimate step of citizenship to prevent such interference.

These advertisements are intended to help you, and to help Congress decide what is best to be done. Mistakes are costly and apt to be harmful in these trying times.
